Birmingham 20 Nov. 1786

Dear Sir

I beg you would lay before the
Royal Society Mr Bennet's Account of his
Electrometer, the sensibility, and consequently
the value of which exceeds anything that
I have seen of the kind. I have seen with
much pleasure, and indeed with surprize,
the experiments mentioned in the account.
You will, I dare say, consider this instru-
ment as a valuable addition to our elec-
trical and philosophical apparatus.

I am, Dear Sir,

Yours sincerely

J Priestley.

Dr Priestley
dated 20 Nov. 1786.
